

Saguaro National Park - Saguaro Census Plot #26
March 11, 2010 – Park Staff and Sierra Club Volunteers

In this figure, green columns represent the number of saguaros counted in 1990 and blue represent 2010. The x axis breaks down the saguaros into size classes. The total number of saguaros counted is on the far right side of the chart. There has been an increase in the number of saguaros on the plot since the last Saguaro Census in 2006.
